## Our New Perfection Broiler

Is pleasing many women. It enables the housewife to broil as well on the New Perfection Stove as over a coal fire.

It cooks evenly.  
It broils both sides at once.  
It doesn't smoke.

And of course you are familiar with the  
**New Perfection Oil Cook Stove**

It is popular throughout the year  
and is well liked by housewives throughout  
the country as a regular coal range.  
Ask me the blue Perfection Stoves at your  
dealers. They are made of the best materials.  
It has a large capacity and is very  
convenient. It is a good investment.  
It will last for years. Price considerably  
less than a coal range. It is a good  
investment.

they are another to the Canadian  
farm market of more and more  
farmers. But it is also worth our  
note, apropos to the recent tales  
which have been given throughout  
the west of the development of the mixed farming  
industry in the west, that these have  
been based upon several occasions  
by the men who have received  
such a large amount of information  
as to the actual condition of affairs.  
They are talking about that the wheat  
lands are plowed out now and it is im-  
portant that the prairie wheat  
should be raised in the field.

These men know nothing of  
stock raising and as a result  
have given up their wheat lands  
in the Canadian west. They have come out from  
these men, however, and it is to stand  
them in good stead in their farming  
operations here.

**TELLS HIS STORY OF THE BENEFITS OF THE COMPENSATION ACT**

J. J. Gardner Appears at Hon. John R. Bayle's Meeting at Calder.

**AWARDED COMPENSATION FOR LOSS OF RIGHT ARM**

The Workmen of Calder Hear of Benefits of This Legislation.

J. J. Gardner, a resident of North Edmonton, and a former employee of the Canadian Pacific Railway, a man who met with an unfortunate accident three years ago, by which he severed his right arm, attended the meeting held in Calder Monday night in the interests of Hon. John R. Bayle, Minister of Labour, to tell the audience, which was largely composed of mechanics and other skilled and unskilled workmen, the benefits to be derived by workmen through the Workmen's Compensation Act. He spoke with the utmost force, and standing before the audience, his artificial arm dangling at his side, he told them of the protection which this act gives the workmen of the country.

In August, 1899, he did not make application immediately for compensation, but waited until the end of his winter suit in June, 1910, it took the court less than an hour to award him \$1,000 per month for his services as an indefinite period. The award was made to apply from the date of the accident, but the court had begun his first night alone. His body was badly crushed.

Mr. Gardner declared that his circumstances would have been entirely different if he had applied for compensation earlier, and it was one of his greatest pleasure to give the benefits of the act general knowledge.

The meeting was also addressed by Prof. John R. Boyle and Mr. J. E. C. Gandy, who received a unanimous and enthusiastic reception. His clear enunciation of the policies of the government, and his frankness in discussing railroads, and with relation to the protection of workmen, was loudly ap-

plauded. Toronto, Ont., May 20.—The government will be represented there, as the only comment Sir James Whitney would make regarding the proposed legislation was that he hoped all the hearing of the marriage question before the Supreme Court at the earliest possible moment, so that it is taken to indicate that council will be named.

**BELGIAN AVIATOR CROSSES CHANNEL AND THEN RETURNS**

Drops Visiting Card Over Little Fishing Port of St. Margaret.

**THEN HE FLIES BACK WITHOUT ALIGHTING**

Minneapolis Aviator Killed by Fall From Machine at Xenia, Ohio.

Dover, England, May 21.—A Crozier, a Belgian aviator, crossed the English channel in a monoplane from Nieuport, Belgium, where he started out.

When the aviator appeared over the little fishing port of St. Margaret, the name on his visiting card, which was written in French, said he intended to return to Nieuport, Belgium, and that he would be obliged to return to Nieuport, Belgium, if he could not get a boat to bring him back.

Then Crozier made a graceful sweep over the surrounding country and then alighted on a small stream, crossing, taking the direction of Calais, France.

The aviator was killed when his machine burst while the attempt

was made to start again.

The aviator had been flying over the little fishing port of St. Margaret, the name on his visiting card, which was written in French, said he intended to return to Nieuport, Belgium, and that he would be obliged to return to Nieuport, Belgium, if he could not get a boat to bring him back.

He obtained the keys to the hangar and went outside to make his machine to take off again.

The engine started on May 21, and he was flying over the little fishing port of St. Margaret, the name on his visiting card, which was written in French, said he intended to return to Nieuport, Belgium, and that he would be obliged to return to Nieuport, Belgium, if he could not get a boat to bring him back.

The engine stopped, the machine

crashed, and the aviator was killed.

## EXPECT 1000 MAJORITY FOR HON. MR. STEWART

New Minister of Municipalities Has Practically Unanimous Support of Farmers in Selkirk--In Debate Mr. Stewart Drives His Opponent

Selkirk, May 21.—A large crowd which has been received from all parts of the Selkirk constituency from men in a position to know, state that a majority of at least 1,000 is expected for the Hon. Chas. Stewart.

The result of the election is a great surprise. There are over 5,000 names on the list and in a large area there is no confidence in the 75 per cent of vote cast.

The only places the Conservatives are showing any strength is in areas of the city. The agricultural vote seems to be solid for Stewart and in his own district the vote will be almost unanimous.

The Hon. Mr. Stewart had a joint meeting at Argyle school with J. G. Clark, former member of parliament, made one of the best speeches he has ever made. This was the last of a series of ten or twelve meetings held in the district, having taken every night. He certainly trimmed Mr. Clark to a finish and very greatly delighted the people.

Stewart spent all of his time south of the Battle river. This week he spoke at Coronation, Cochrane, Leduc, Provost, Hardisty and some other places.

The press is supporting him at Coronation, Provost and Cochrane. The Hon. Duncan Marshall also speaks at the big meeting at Coronation on the 25th.

Mr. Blair is not showing the strength even though he is in Coronation but is only lost ground since his first appearance there.

Mr. Robert M. A. H. Hill and Chas. Stewart, Conservative, are helping the week, and Dr. Campbell, Ponoka, will also help next week. Their organization is in a good shape throughout the whole district.

E. H. Malcolm is acting as official agent for the Hon. Mr. Stewart.

## ALBERTA MAN TAKES CASE TO HIGH COURT

**WICKENS MAN OBJECTS TO STATEMENT MADE BY DEFENDANTS IN WHICH HIS CHARACTER WAS STATED--WILL APPEAL**

OTTAWA, May 21.—In the supreme court yesterday the appeal from the defendant in the suit of the Wickens man versus McConkey was heard.

According to the statement of the \$15,000 damages and costs for injury to his reputation and business by reason of statements made by the defendants to have been published by the respondent, the plaintiff, a Wickens man, and some hay stacks for which a man called Lemmon was indicted for arson, said he had been compelled to pay \$1,000 for setting fire to the hay. The Wickens man brought suit for \$15,000 damages down for burning the hay.

On the trial the plaintiff at McDonald's Inn denied it was his costs and the plaintiff failed on an appeal. He now appeals for the verdict on the grounds that the character may be vindicated, financially as the judgment of the court below did not allow him to do so. The evidence showed the truth of the slanderous statement which was founded on technical grounds.

## ANARCHIST IS BELOVED BY LONDON CHILDREN

**ROBERTSON WHO HAS THREE SENTENCES ON Death Rowing Over His Son Is Scrubbed to "Three Miles in Prism" as a Man of Education and Kindness**

LONDON, May 21.—Robertson, the housing militant who was condemned to death for the killing of a constable while he was trying to break up a strike, was yesterday sentenced to three months' imprisonment and a community service sentence for an undesirable action on a charge of public indecency. The magistrate, an Italian named Bellotti, also a resident of London, who Robertson suggested was responsible for the killing, was given a six-month sentence.

Yard official said the prisoner was a very popular man and the leader of the anarchists of London. He had been imprisoned twice before, once for 18 months and visited hospitals, prison and America in the interval. When he was released he went to Canada and was found to be causing trouble.

In connection with the Householders' Association, he sold them charts, maps and pamphlets on the subject. The prisoners counsel said that Robertson had resigned all his property for the purpose of his propaganda.

Prison officials said who admitted that he was an anarchist, gave evidence that he was a man of education and had heard the speech of Prince Kropotkin.

The magistrate had heard the speech of Prince Kropotkin.

The magistrate, Justice Hart, told the prisoner he had done a good thing.

He is undoubtedly a man of good education, good physique and good physique, having a good understanding of music.

## MANUFACTURERS ARE AGAINST CLOSED SHOP

Convention at New York Decides in Favor of the Open Shop. More Particularly in the Printing Trades—Closed Shop a Discrimination Against Many, It is Said.

New York, May 21.—Continued wage reductions in closed shops by the printing trade were urged in a report submitted today to the seventeenth annual meeting of the National Manufacturers' section of the Waldorf Astoria. Politicians and industrial leaders were present, urging the rule of not placing the union label on city printing. United action for building a strong American merchantile was urged by a report offered by J. J. Amer, of New York, chairman of the committee on manufacturers.

The report of the committee against the union label part, was as follows:

"As the presence of a union label on printed matter is indicative that it is printed from a shop claimed as non-union printers, it represents a discrimination against a great class of workmen. Every man who believes in the equal rights of men should be given latitude to print with appropriate comment and to give patronage to a printing house which does not use a union label."

Five hundred manufacturers from every section of the country are in attendance at the meeting.

The report is supporting him at Coronation, Provost and Cochrane. The Hon. Duncan Marshall also speaks at the big meeting at Coronation on the 25th.

Mr. Blair is not showing the strength even though he is in Coronation but is only lost ground since his first appearance there.

Mr. Robert M. A. H. Hill and Chas. Stewart, Conservative, are helping the week, and Dr. Campbell, Ponoka, will also help next week. Their organization is in a good shape throughout the whole district.

E. H. Malcolm is acting as official agent for the Hon. Mr. Stewart.
